

# AnimalCare

EVERY LIFE, EVERY HEARTBEAT

This month, we shine a light on the quiet heroes and everyday kindness that keep our mission alive.

From the growing reach of our Bowl of Hope campaign to the inspiring efforts of our Star Volunteer Vikas Singh, each story reflects how awareness, action, and compassion come together to change lives.

**Thank you for standing with us—because of you, hope finds a way.**

## Donor Testimonial

**Harroop Kaur**

**Proud Supporter of Animal Care**

Compassion has no boundaries, and this shelter proves that every single day. What touched me most was not just the rescue stories, but the quiet dignity with which each life is treated. Whether it's a critically injured dog or a paralyzed puppy, they're cared for with the same love and patience. I often find myself looking forward to their updates – they don't just show recovery, they show resilience.

Supporting this shelter has given me more than satisfaction – it's given me hope. Hope that kindness still exists in this world, and that we can all be part of it in our own way.

## One Kind Thing You Can Do Today

**Share a rescue story with someone  
you care about.**

You never know whose heart it might touch or whose life it might change—maybe even a stray's.

A story shared is hope multiplied.

## Changemaker of the Month

At Animal Care, our work is driven by individuals whose dedication and leadership bring lasting change to the lives of countless animals. This June, we are proud to honour Mr. Vikas Singh as our Changemaker of the Month.

Vikas is one of the most dependable pillars of our organisation. With his sharp vision and tireless efforts, he has transformed the way we engage with the world—building strong corporate partnerships that fuel our mission, leading impactful awareness campaigns that educate and inspire, and managing shelter operations with compassion and precision.

His ability to balance strategic planning with on-ground execution makes him a rare asset in the nonprofit sector. From negotiating critical collaborations to ensuring our shelter runs smoothly day after day, Vikas leads with integrity, calmness, and an unwavering belief in our cause.

He is not just part of the team—he is the force that holds many parts of it together. We are deeply grateful for his leadership, and proud to celebrate Vikas Singh as a true changemaker who continues to shape a better future for animals in need.

Priyanka Shekhawat  
Proud Supporter of Animal Care

There's something truly special about this shelter – a sense of purpose that goes beyond rescue. What drew me in was their genuine concern for even the smallest, often overlooked animals. Be it their feeding drives, the sterilization efforts, or simply placing water bowls during heatwaves – they care. Deeply. And that sincerity comes through in everything they do. Donating felt like the natural thing to do, but staying connected with their work has become something I cherish. It's not just about helping animals – it's about being part of a movement that chooses compassion every single day.

## Brownny's Journey: From Pain to Healing

When our Animal Care Team found Brownny on the streets of Gurgaon, his eyes told a story of silent suffering. This 4-year-old sweetheart, full of love and a wagging tail, was carrying a painful burden – a growing tumor on his belly.

Despite the discomfort, Brownny never stopped greeting us with joy. His spirit was unbreakable, but we knew time was not on his side. He needed urgent surgery to remove the tumor and give him a real chance at life.

Thanks to your compassion and timely support, Brownny underwent the life-saving surgery he so desperately needed.

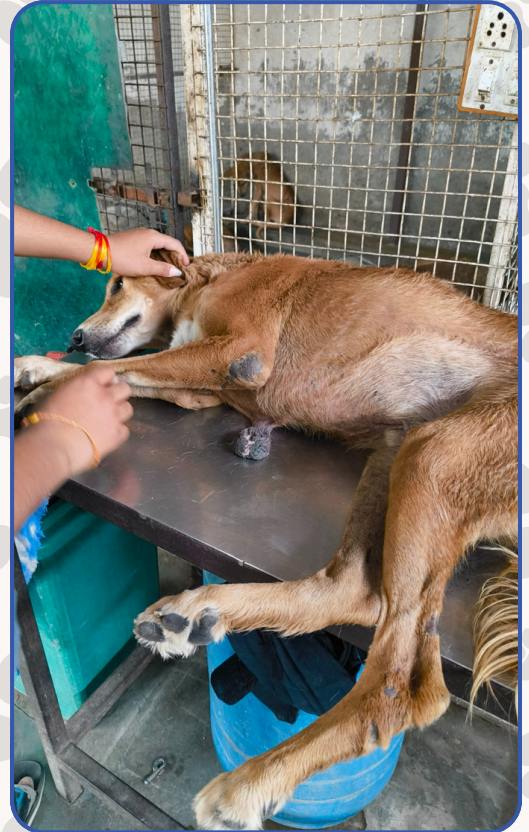

The operation was successful – and today, we're happy to share that Brownny is healing well!

His tail wags a little more now, his eyes shine brighter, and soon he'll be released back to his territory – healthy, pain-free, and full of life.

Because of you, Brownny got a second chance.

To everyone who donated, shared, or sent love – thank you for being part of his journey. You didn't just save a life – you gave hope to a soul who had almost lost it.

Let's continue standing together for voiceless animals like Brownny, who just need a little help to start healing.

## Bowl of Hope: Quenching Thirst, Spreading Kindness By Animal Care Team

This summer, the Bowl of Hope campaign by Animal Care Team has extended its reach – from bustling city streets to the heart of the forest – ensuring that no life goes thirsty. Every bowl placed is a small act of compassion, yet its impact echoes in the lives of countless birds, animals, and wildlife who suffer silently in the heat.

### Here's where our bowls of compassion have made an impact:

📍 Kanpur, Uttar Pradesh

Hotel Balaji Palace, Barra - Ratan Lal Nagar - Yashoda Nagar

Providing critical hydration points for stray dogs and birds across the city.

📍 Aurangabad, Bihar

Led by Ayush Maurya who is teacher and a compassionate soul for animals.

Government Intermediate College, Ankorha, Nabinagar

Where students and teachers have not only placed bowls but also taken daily responsibility to refill them – turning compassion into a routine habit.

📍 Rohtas, Bihar

Led by Tarang who is a student and a nature enthusiast.

Gopal Narayan Singh University, Jamuhar

Here too, students and faculty have embraced the mission, making their campus a beacon of care and empathy for stray lives.

📍 Valmiki Tiger Reserve, Range-Ganauli, Bihar

Led by Saurabh Verma, Biologist & Animal Care Volunteer

In collaboration with forest rangers, foresters, and local communities

Focused on providing water to birds and small wild animals within the forest, ensuring that even the most delicate wildlife have a chance to survive the brutal summer.

With every bowl placed and every refill made, we are weaving a thread of hope and humanity – proving that a small act of kindness can ripple through communities, cities, and even forests.

The Bowl of Hope campaign continues – and with your support, we can reach more places, save more lives, and inspire more hearts to care.
